

AIRKEY® MAXIMUM SECURITY REMOTE

AK2TX4

When security really matters — at no extra cost!

Neatrol Systems

www.neatrol.com.au

The AK2TX4 remote control transmitter is designed to deliver unparalleled security for all domestic and commercial applications.

Features:

- ❑ Rugged IP65 rated dust proof and water resistant housing with full silicone gasket.
- ❑ 69 bit encrypted data transmission guarantees security.
- ❑ Each transmitter is uniquely coded and cannot be replicated.
- ❑ Self learning receiver technology stores up to 340 unique transmitters.
- ❑ Can be used to replace any existing remote control system.
- ❑ Convenient size allows attachment to key-ring or under dash placement with velcro.
- ❑ Easy to add new transmitters with the push of a single button.
- ❑ Four channel transmitter allows for maximum flexibility.
- ❑ 433.92MHz crystal locked transmitter frequency immune from interference caused by 27MHz baby monitors, CB radio etc.
- ❑ All transmissions immune from code grabbing and code scanning techniques as often used by ever resourceful thieves.
- ❑ Optional proximity coil can be fitted to suit all major proximity readers including HID and Mifare.
- ❑ No price penalty for far superior technology.

Applications:

- ❑ Garage doors, automatic gates.
- ❑ Remote arming and disarming of security alarms.
- ❑ Personal emergency transmitters.
